

F-MATIC Metered Sprays

Description

F-MATIC Metered Sprays provide an ultra-dry spray to eliminate odors, not merely cover them up.

- Dual odor-counteractant system to effectively fight odors, not merely mask them
- Contains no glycol ether; ultra-dry formula means no drips on walls or pooling on floors, reducing the risk of falls
- Smallest particle size available (less than 6 microns) for an ultra-dry, ultra-fine, long suspension spray
- More sprays per can than competitors (3,400 vs. 3,000)
- Fits most competitive metered dispensers
- Easy and quick installation and service time
- Cologne-quality fragrances in popular scents

Environmental Profile

Low-VOC (meets all VOC limits)
Non-chlorinated
Non-ozone depleting

Markets

Limitless placement opportunities: restrooms, showers, garbage receptacle areas, airports, hotels, restaurants, hospitals, schools, nursing homes, fitness centers, commercial buildings, animal clinics, offices, retail spaces, and more.
