

AquaScent[®]

Description

AquaScent adds a deodorizing and fresh-smelling element to everything you clean.

- Water-soluble: can be added to any water-based cleaning solution, without changing the cleaning properties of the solution
- Helps eliminate the foul smell of chemicals left when cleaning
- Accu-Measure bottle and an anti-foaming agent for easy, clean, accurate dispensing every time
- Available in Apple-Pear or Country Spice scents

Environmental Profile

Concentrated to eliminate unnecessary packaging
Non-toxic
Biodegradable
pH balanced

Markets

AquaScent has practically limitless applications: mopping, hard surface cleaning, rinse cycle applications, hand spraying, carpet cleaning, fogging, and more!
