Benefits of the LUMARA Ambience System

Fragrance Flexibility

Our premium fragrance oils can be substituted with all-natural essential oils at any time. The machine is easily cleaned between scents with our Venti brand air refresher. You can choose different fragrances or oils to increase productivity, or enhance your desired mood.

No Residue

Our cold-air diffusion technology means no oily residue on surfaces. Ultra-fine particles are easily distributed.

Easy Set Up

The Lumara unit is meant to be used freestanding. It takes virtually no shelf space and the remote makes programming quick and simple.

Welcome Visitors

Create the atmosphere of your choice with one of our seasonal or signature fragrances. Whether you want cozy or modern, opulent or clean, we have the right scent for you.
