## Benefits of the BREZA Fragrance System

### Marketing

Brand recognition doesn't end with your logo. A pleasant fragrance will increase brand recognition and repeated business with the emotional response of scent. Also we can create your own custom scent to incorporate as part of your brand.

### No Residue

Our cold-air diffusion technology means no oily residue on surfaces or in your HVAC system. Ultra fine particles are easily distributed.

### Increase Productivity

Certain fragrances can increase creativity and concentration, as well as boost the mood in your office. We can create your custom fragrance according to your particular goals.

### Easy Installation

The Breza unit can be used freestanding or it installs in your HVAC system within a matter of minutes. All you need is a drill, and a screwdriver!
