

PRODUCT FEATURES

BioFresh is the safe, on-the-spot, enzyme-based odor and stain eliminator.

- Made from all natural plant and vegetable proteins.
- Enzyme-based formula is NOT a masking agent. Speeds up the natural biodegradation of odors and eliminates them.
- Safe for use around people and animals
- NATURAL formula is safe for your family, dark colors, delicate fabrics, grey water and septic systems, and the environment
- Comes in an ultra-light Lemon Essence scent
- Gently and effectively removes organic stains — even on delicate fabrics
- Free from Phthalates, SLES, Parabens, Ammonia, Alcohol, Dyes, Solvents, Glycol Ethers & Formaldehyde

MIRACLE ODOR & STAIN-FIGHTER

APPLICATIONS

Because of its natural formula, BioFresh is safe for use around children and animals. It is perfect for healthcare odors, body odors, perspiration, incontinence, vomit, pet odors, food, tobacco smoke, shoes, sports bags, and more!

Organic stains melt away within minutes. BioFresh destroys stains caused by food, bodily fluids, perspiration, pet accidents, grass, and even red wine! It is effective for treating stains on delicate fabrics and infant clothes. **NOT FOR USE ON SILK OR WOOL.**

FOR USE ON ODORS: Spray on affected area until completely saturated. Let stand for up to one minute. Use a white washcloth to blot away excess liquid. No need to rinse! Allow to air dry. Spot check all surfaces first.

FOR USE ON STAINS: Spray the affected area and wait at least 15 minutes before laundering. **TOUGH STAINS:** Spray the affected area and massage the affected area with a soft brush. Wait at least an hour (can be left on for days), then launder with the warmest water the fabric care instructions allow. Some stains may require two treatments. **DELICATE FABRICS:** After treating stain use a damp white washcloth to gently rub stains, rinse washcloth and repeat until stain is gone. Gently rinse, hand-launder and hang or lay flat to dry. Spot check all surfaces first. **NOT FOR USE ON SILK OR WOOL.**

TECHNICAL INFORMATION

Units/Case: 6
Case Weight: 8.25 lbs
Case Dimensions: 9.75" X 7.25" x 10.25"
Pallet: 96 cases

Unit Weight: 16 oz. (1.38 lbs)
SKU #: BF17
Also available by the gallon or drum
