

VERSA

PRODUCT DESCRIPTION

- Accommodates two 16 oz. bottles of our premium Venti fragrance oil or all-natural essential oils.
 - Straightforward settings for up to four desired fragrance scenes.
 - May be installed in any HVAC system or via two ports to disperse fragrance easily and efficiently.
 - Simple to change fragrances & essential oils.
 - Cold-air diffusion technology.
- Full line of F-MATIC fragrances & essential oils. Cold Air Diffusion uses high air pressure to turn the fragrance oils into a dry mist of particles. No heat, no mess! This latest technology ensures satisfaction and safety.

BREZA

PRODUCT DESCRIPTION

- Accommodates one 16 oz. bottle of our premium Venti fragrance oil or all-natural essential oil.
- Straightforward settings for up to four desired fragrance scenes.
- May be used freestanding to disperse fragrance easily and efficiently.
- Simple to change fragrances & essential oils.
- Oil Consumption: 5.5mL. Stand alone per hour.
- Full line of F-MATIC fragrances & essential oils. Cold Air Diffusion uses high air pressure to turn the fragrance oils into a dry mist of particles. No heat, no mess! This latest technology ensures satisfaction and safety.
