product features

Introducing the **F-MATIC AirFin® Mini** Urinal Screen, a compact powerhouse in odor elimination and cleanliness. Crafted with the same precision as its larger counterpart, the **AirFin® Mini** packs a punch with its advanced features in a smaller form. The **AirFin®** features our innovative patent-pending sloped fins, specifically designed to direct urine straight into the bottom of the urinal, minimizing splash-back. Drainage becomes seamless with strategically placed draining holes integrated around these sloped fins. The **AirFin® Mini**, with its compact round shape, effortlessly fits onto any urinal floor, efficiently capturing debris such as gum or cigarette butts, by preventing plumbing complications and saving you from expensive repairs. Plus, it boasts environmental friendliness, being 100% recyclable and compliant with VOC regulations in all 50 states.

promote your business

AirFin®, as well as many of our other products are available for private branding. Let your brand be known and seen! Since our products are made in house, in the USA, we are able to offer low costs and manageable minimums.

All products made in the USA, using our premium fragrance, creating a cohesive fragrance experience.

TMM® Total Malodor Management®

Currently, AirFin®, are made with the powerful TMM® odor neutralizer, ensuring that odors are not masked, but eliminated. **KILLS ODORS AT THE SOURCE!**
