# fresh, effortless, effective

## product features

No mixing chemicals required. Just drop in the back of the toilet tank and let the product do its job! With each flush, **Big Blue** keeps the toilet bowl clean and fresh so you don't have to clean the toilet bowl as often.

### long lasting

Experience a long-lasting freshness with our toilet bowl cleaner, offering up to 30 days of continuous fragrance that remains effective for up to 600 flushes.

### clean & deodorize

Our eco-friendly bio enzymatic cleaner not only cleans and deodorizes your toilet but also prevents scale and mildew buildup, releasing billions of beneficial bacteria to consume odor causing bio materials with each flush, and keeping toilets smelling fresh.

### it's in the blue

Big Blue colors the water blue with each flush. This nonpolluting, nontoxic, and nonstaining blue keeps your toilet looking clean.

### easy to use

Our in-tank cleaner is also designed to fit a variety of toilet bowls. No setup or tools are necessary, ensuring a hassle-free experience.
