

Venti Battery-Powered Diffuser

Description

Our Venti Battery-Powered Diffuser combines sleek design with reliable performance to deliver a long-lasting, consistent fragrance experience—perfect for high-traffic areas or upscale restrooms.

- Designed to effectively diffuse fragrance across areas up to 1,500 square feet
- Fully customizable mist timer settings
- Programmable via integrated button control panel or through a Bluetooth-enabled mobile app
- Versatile design allows for wall mounting or placement on any flat surface
- Uses advanced nebulizing technology to disperse ultra-fine scent particles, creating a subtle and consistent fragrance experience.

Venti Fragrance Oils

Packaged in a 4 oz bottle, our premium fragrance blend is designed to linger beautifully in the air and fits perfectly in our Mini Diffuser for effortless, long-lasting freshness.
