

1. IDENTIFICATION

Product identifier

Product Name AirClip™ 30 Day Passive Air Freshener – Soothing White Tea

Other means of identification

SDS # FMI-020

Product Code TB450NWT

UPC Code N/A

Synonyms Air freshener; passive air freshener; solid air freshener; fragranced toilet clip; odor control product.

Recommended use of the chemical and restrictions on use

Recommended use Passive air freshener/odor control product for commercial and residential spaces.

Details of the supplier of the safety data sheet
Supplier Address

F-MATIC, Inc.
299 S. Millpond Dr.
Lehi, UT 84043
Phone: 1-800-824-9994
website: FMATIC.com

Emergency telephone number

Emergency Telephone INFOTRAC 1-352-323-3500 (International)
1-800-535-5053 (North America)

2. HAZARDS IDENTIFICATION

Appearance Clear Solid

Physical state Solid

Odor Characteristic

Classification

Skin sensitization

Category 1

Label elements

Signal word

Warning

Hazard statements

May cause an allergic skin reaction.

Precautionary Statements - Prevention

Avoid breathing vapors.

Contaminated work clothing must not be allowed out of the workplace.

Wear protective gloves.

Precautionary Statements - Response

IF ON SKIN: Wash with plenty of water and soap.

If skin irritation or rash occurs: Get medical advice/attention.

Take off contaminated clothing and wash it before reuse.

Precautionary Statements - Disposal

Dispose of contents and container in accordance with local, regional, national, and international regulations as applicable.

3. COMPOSITION/INFORMATION ON INGREDIENTS**Synonyms**

Air freshener; passive air freshener; solid air freshener; fragranced toilet clip; odor control product.

Chemical name	CAS No.	Weight-%
Benzyl benzoate	120-51-4	4.2–9.8%
Dihydro myrcenol	18479-58-8	0.7–1.4%
Linalool	78-70-6	0.14–0.70%
1-(1,2,3,4,5,6,7,8-Octahydro-2,3,8,8-tetramethyl-2-naphthalenyl)ethanone (Iso E Super)	54464-57-2	0.14–0.70%
Alpha-Isomethyl Ionone	127-51-5	0.14–0.70%
Phenyl Ethyl Alcohol	60-12-8	0.14–0.70%
2H-pyran-4-ol, tetrahydro-4-methyl-2-(2-methylpropyl)-	63500-71-0	0.14–0.70%
4-tert-butylcyclohexyl acetate	32210-23-4	0.14–0.70%
Ethyl Vanillin	121-32-4	0.14–0.70%
Citronellol	106-22-9	0.14–0.70%
Geraniol	106-24-1	0.014–0.14%
Damascone Delta	57378-68-4	0.014–0.14%

If Chemical Name/CAS No. is “proprietary” and/or Weight-% is listed as a range, the specific chemical identity and/or percentage of composition has been withheld as a trade secret.

4. FIRST AID MEASURES**Description of first aid measures****Eye Contact**

Rinse eyes cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Obtain medical advice if irritation develops or persists.

Skin Contact

Remove contaminated clothing. Wash affected area thoroughly with soap and water. If skin irritation or rash occurs, obtain medical advice/attention.

Inhalation

If excessive exposure to vapors occurs, move person to fresh air. Obtain medical advice if symptoms develop or persist.

Ingestion

Rinse mouth with water. Obtain medical advice/attention if feeling unwell.

Most important symptoms and effects, both acute and delayed

May cause an allergic skin reaction.

Indication of any immediate medical attention and special treatment needed**Notes to Physician**

Treat symptomatically.

5. FIRE-FIGHTING MEASURES

Suitable Extinguishing Media

Use water spray, CO₂, dry chemical, or foam for extinction.

Unsuitable Extinguishing Media Do not use a heavy water stream.

Specific Hazards Arising from the Chemical

Finished product is a fragranced solid. Toxic or irritating fumes may be emitted under fire conditions.

Protective equipment and precautions for firefighters

As in any fire, wear self-contained breathing apparatus (SCBA), NIOSH-approved or equivalent, and full protective gear.

6. ACCIDENTAL RELEASE MEASURES

Personal precautions, protective equipment and emergency procedures

Personal Precautions Use personal protective equipment as required. Provide adequate ventilation. Avoid contact with skin and eyes.

Environmental precautions

Environmental precautions Prevent release to drains, sewers, soil, and surface waters. See Section 12 for additional ecological information.

Methods and material for containment and cleaning up

Methods for Containment Prevent further release if safe to do so.

Methods for Clean-Up Collect solid product and place in a suitable container for disposal. If fragrance is released from damaged product, absorb with inert material such as dry sand or earth. Clean the affected area with soap and water.

7. HANDLING AND STORAGE

Precautions for safe handling

Advice on Safe Handling Handle in accordance with good industrial hygiene practices. Avoid prolonged or repeated contact with skin and eyes. Avoid breathing fragrance vapors. Use in a well-ventilated area. Keep away from excessive heat and open flames. Keep product in original packaging until use and protect from damage.

Conditions for safe storage, including any incompatibilities

Storage Conditions Store in a cool, dry, well-ventilated place away from excessive heat. Keep product in original packaging until use.

Incompatible Materials No specific incompatible materials identified.

8. EXPOSURE CONTROLS/PERSONAL PROTECTION

Occupational Exposure Limits

No applicable occupational exposure limits were identified for the ingredients listed in Section 3 based on current supplier information.

Exposure Guidelines

Normal consumer/commercial use of the finished solid AirClip is not expected to require special respiratory protection. For manufacturing, processing, cleanup of damaged product, or direct handling of fragrance-containing material, provide adequate ventilation and use appropriate protective gloves and safety glasses.

9. PHYSICAL AND CHEMICAL PROPERTIES

Information on basic physical and chemical properties

Physical state	Solid	Odor	Characteristic
Appearance	Clear fragranced thermoplastic clip	Odor Threshold	No information available
Color	Clear		
<u>Property</u>	<u>Values</u>	<u>Remarks • Method</u>	
pH	N/A		
Melting point / freezing point	No information available		
Initial boiling point / boiling range	N/A		
Flash point	N/A		
Evaporation rate	N/A		
Flammability (Solid, Gas)	No information available		
Flammability Limit in Air			
Upper flammability or explosive limits	N/A		
Lower flammability or explosive limits	N/A		
Vapor Pressure	N/A		
Relative vapor density	N/A	No information available	
Relative Density	No information available		
Water Solubility	No information available		
Solubility in other solvents	No information available		
Partition Coefficient	No information available		
Autoignition temperature	No information available		
Decomposition temperature	No information available		
Kinematic viscosity	N/A		
Dynamic viscosity	N/A		
Particle characteristics	N/A		
Explosive Properties	No information available		
Oxidizing Properties	No information available		

10. STABILITY AND REACTIVITY

Reactivity

No specific reactivity data available. Product is expected to be non-reactive under normal conditions of use, storage, and transport.

Chemical stability

Stable under recommended storage conditions.

Possibility of hazardous reactions

No hazardous reactions known under normal conditions of use.

Conditions to Avoid

Excessive heat.

Incompatible materials

No specific incompatible materials identified.

Hazardous decomposition products

Toxic or irritating fumes may be emitted under fire conditions. No hazardous decomposition products are expected under normal conditions of storage and use.

11. TOXICOLOGICAL INFORMATION

Information on likely routes of exposure

Skin contact, eye contact, inhalation, and ingestion.

Health effects

May cause an allergic skin reaction. No other specific health effects have been identified for the finished product based on available supplier information.

Exposure under normal use

The finished solid AirClip limits routine direct contact with the fragrance-containing material during normal consumer/commercial use.

Toxicological data

No finished-product toxicological testing data were provided.

Delayed and chronic effects

No finished-product data available.

Numerical measures of toxicity

No finished-product acute toxicity estimates established.

Interactive effects

No information available.

Carcinogenicity

No finished-product carcinogenicity data available.

12. ECOLOGICAL INFORMATION

Ecotoxicity

No finished-product ecological studies were provided. Avoid uncontrolled environmental release.

Persistence / Degradability

Not determined.

Bioaccumulation

Not determined.

Other adverse effects

Not determined

13. DISPOSAL CONSIDERATIONS

Disposal methods

Disposal of Wastes

Disposal should be in accordance with applicable regional, national and local laws and regulations.

Contaminated Packaging

Disposal should be in accordance with applicable regional, national and local laws and regulations.

14. TRANSPORT INFORMATION

Note

Please see current shipping paper for most up to date shipping information, including exemptions and special circumstances.

DOT Transport classification for the finished solid product has not been determined from the available supplier data.

IATA Not determined from available finished-product data.

IMDG Not determined from available finished-product data.

15. REGULATORY INFORMATION

International / Federal Regulatory Information

TSCA

No information available from current supplier documentation.

SARA 313

The fragrance supplier reports that the fragrance concentrate is not known to contain toxic chemicals above the applicable de minimis concentrations subject to SARA Section 313 reporting requirements.

California Cleaning Product Right to Know (SB-258)

Product-specific SB-258 ingredient disclosure is provided separately..

U.S. State Right-to-Know Regulations

Applicable state ingredient-reporting requirements should be evaluated using current supplier composition information and applicable regulatory lists.

16. OTHER INFORMATION

Issue Date: 19-Oct-2026
Revision Date: 19-Oct-2026
Version: 1
Revision Note: Initial Issue

Disclaimer

The information provided in this Safety Data Sheet is correct to the best of our knowledge, information and belief at the date of its publication. The information given is designed only as a guidance for safe handling, use, processing, storage, transportation, disposal and release and is not to be considered a warranty or quality specification. The information relates only to the specific material designated and may not be valid for such material used in combination with any other materials or in any process, unless specified in the text.
