Safety Data Sheet

Issue Date: 23-Oct-2026 **Revision Date:** 23-Oct-2026 **Version** 1

1. IDENTIFICATION

Product identifier

Product Name TagAir™ – Cucumber Melon

Other means of identification

SDS # FMI-039

Product Code TA150
UPC Code N/A
Synonyms Hanging air freshener; fragranced air freshener; solid air freshener; restroom odor control product.

Recommended use of the chemical and restrictions on use

Recommended use Fragranced hanging air freshener for odor control in commercial and residential spaces.

Details of the supplier of the safety data sheet

Supplier Address
F-MATIC, Inc.
299 S. Millpond Dr.
Lehi, UT 84043
Phone: 1-800-824-9994
website: FMATIC.com

Emergency telephone number

Emergency Telephone INFOTRAC 1-352-323-3500 (International)
1-800-535-5053 (North America)

2. HAZARDS IDENTIFICATION

Appearance Light Green Solid **Physical state** Solid **Odor** Characteristic

Classification

Skin sensitization	Category 1

Label elements

Signal word
Warning

Hazard statements
May cause an allergic skin reaction.

Precautionary Statements - Prevention
Avoid breathing vapors.
Contaminated work clothing must not be allowed out of the workplace.

Wear protective gloves.

Precautionary Statements - Response
IF ON SKIN: Wash with plenty of water and soap.
If skin irritation or rash occurs: Get medical advice/attention.
Take off contaminated clothing and wash it before reuse.

Precautionary Statements - Disposal
Dispose of contents and container in accordance with local, regional, national, and international regulations as applicable.

3. COMPOSITION/INFORMATION ON INGREDIENTS

Synonyms Hanging air freshener; fragranced air freshener; solid air freshener; restroom odor control product.

Chemical name	CAS No.	Weight-%
Benzyl Benzoate	120-51-4	1.40–4.20%
Allyl amyl glycolate	67634-00-8	0.14–0.70%
Cyclogalbonate	68901-15-5	0.14–0.70%
Damascone Delta	57378-68-4	<0.07%

If Chemical Name/CAS No. is “proprietary” and/or Weight-% is listed as a range, the specific chemical identity and/or percentage of composition has been withheld as a trade secret.

4. FIRST AID MEASURES

Description of first aid measures

Eye Contact Rinse eyes cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Obtain medical advice if irritation develops or persists.

Skin Contact Remove contaminated clothing. Wash affected area thoroughly with soap and water. If skin irritation or rash occurs, obtain medical advice/attention.

Inhalation If excessive exposure to vapors occurs, move person to fresh air. Obtain medical advice if symptoms develop or persist.

Ingestion Rinse mouth with water. Obtain medical advice/attention if feeling unwell.

Most important symptoms and effects, both acute and delayed
May cause an allergic skin reaction.

Indication of any immediate medical attention and special treatment needed

Notes to Physician Treat symptomatically.

5. FIRE-FIGHTING MEASURES

Suitable Extinguishing Media
Use water spray, CO_2, dry chemical, or foam.

Unsuitable Extinguishing Media Do not use a heavy water stream.

Specific Hazards Arising from the Chemical
Finished product is a fragranced solid. Toxic or irritating fumes may be emitted under fire conditions.

Protective equipment and precautions for firefighters
As in any fire, wear self-contained breathing apparatus (SCBA), NIOSH-approved or equivalent, and full protective gear.

6. ACCIDENTAL RELEASE MEASURES

Personal precautions, protective equipment and emergency procedures

Personal Precautions Use personal protective equipment as required. Provide adequate ventilation. Avoid contact with skin and eyes.

Environmental precautions

Environmental precautions Prevent release to drains, sewers, soil, and surface waters. See Section 12 for additional ecological information.

Methods and material for containment and cleaning up

Methods for Containment Prevent further release if safe to do so.

Methods for Clean-Up Collect solid product and place in a suitable container for disposal. If fragrance is released from damaged product, absorb with inert material such as dry sand or earth. Clean the affected area with soap and water.

7. HANDLING AND STORAGE

Precautions for safe handling

Advice on Safe Handling Handle in accordance with good industrial hygiene practices. Avoid prolonged or repeated contact with skin and eyes. Avoid breathing fragrance vapors. Use in a well-ventilated area. Keep away from excessive heat and open flames. Keep product in original packaging until use and protect from damage.

Conditions for safe storage, including any incompatibilities

Storage Conditions Store in a cool, dry, well-ventilated place away from excessive heat. Keep product in original packaging until use.

Incompatible Materials No specific incompatible materials identified.

8. EXPOSURE CONTROLS/PERSONAL PROTECTION

Occupational Exposure Limits
No applicable occupational exposure limits were identified for the ingredients listed in Section 3 based on current supplier information.

Exposure Guidelines
Normal consumer/commercial use of the finished solid TagAir is not expected to require special respiratory protection. For manufacturing, processing, cleanup of damaged product, or direct handling of fragrance-containing material, provide adequate ventilation and use appropriate protective gloves and safety glasses.

9. PHYSICAL AND CHEMICAL PROPERTIES

Information on basic physical and chemical properties

Physical state	Solid		
Appearance	Light green fragranced EVA hanging air freshener	**Odor**	Characteristic

Color	Light green	**Odor Threshold**	No information available

Property	**Values**	**Remarks • Method**
pH	N/A	
Melting point / freezing point	No information available	
Initial boiling point / boiling range	N/A	
Flash point	N/A	
Evaporation rate	N/A	
Flammability (Solid, Gas)	No information available	
Flammability Limit in Air		
Upper flammability or explosive limits	N/A	
Lower flammability or explosive limits	N/A	
Vapor Pressure	N/A	
Relative vapor density	N/A	No information available
Relative Density	No information available	
Water Solubility	No information available	
Solubility in other solvents	No information available	
Partition Coefficient	No information available	
Autoignition temperature	No information available	
Decomposition temperature	No information available	
Kinematic viscosity	N/A	
Dynamic viscosity	N/A	
Particle characteristics	N/A	
Explosive Properties	No information available	
Oxidizing Properties	No information available	

10. STABILITY AND REACTIVITY

Reactivity
No specific reactivity data available. Product is expected to be non-reactive under normal conditions of use, storage, and transport.

Chemical stability
Stable under recommended storage conditions.

Possibility of hazardous reactions
No hazardous reactions known under normal conditions of use.

Conditions to Avoid
Excessive heat, sparks, and open flames.

Incompatible materials
No specific incompatible materials identified.

Hazardous decomposition products
Toxic or irritating fumes may be emitted under fire conditions. No hazardous decomposition products are expected under normal conditions of storage and use.

11. TOXICOLOGICAL INFORMATION

Information on likely routes of exposure
Skin contact, eye contact, inhalation, and ingestion.

Health effects
May cause an allergic skin reaction. No other specific health effects have been identified for the finished product based on available supplier information.

Exposure under normal use

The finished solid TagAir limits routine direct contact with the fragrance-containing material during normal consumer/commercial use.

Toxicological data
No finished-product toxicological testing data were provided.

Delayed and chronic effects
No finished-product data available.

Numerical measures of toxicity
No finished-product acute toxicity estimates established.

Interactive effects
No information available.

Carcinogenicity
No finished-product carcinogenicity data available.

12. ECOLOGICAL INFORMATION

Ecotoxicity
No finished-product ecological studies were provided. Avoid uncontrolled environmental release.

Persistence / Degradability
Not determined.

Bioaccumulation
Not determined.

Other adverse effects
Not determined

13. DISPOSAL CONSIDERATIONS

Disposal methods

Disposal of Wastes	Disposal should be in accordance with applicable regional, national and local laws and regulations.
Contaminated Packaging	Disposal should be in accordance with applicable regional, national and local laws and regulations.

14. TRANSPORT INFORMATION

Note	Please see current shipping paper for most up to date shipping information, including exemptions and special circumstances.
DOT	Transport classification for the finished solid product has not been determined from the available supplier data.
IATA	Not determined from available finished-product data.
IMDG	Not determined from available finished-product data.

15. REGULATORY INFORMATION

International / Federal Regulatory Information

TSCA
No information available from current supplier documentation.

SARA 313
The fragrance supplier reports that the fragrance concentrate is not known to contain toxic chemicals above the applicable de minimis concentrations subject to SARA Section 313 reporting requirements.

California Cleaning Product Right to Know (SB-258)
Product-specific SB-258 ingredient disclosure is provided separately.

U.S. State Right-to-Know Regulations
Applicable state ingredient-reporting requirements should be evaluated using current supplier composition information and applicable regulatory lists.

16. OTHER INFORMATION

Issue Date:	23-Oct-2026
Revision Date:	23-Oct-2026
Version:	1
Revision Note:	Initial Issue

Disclaimer
The information provided in this Safety Data Sheet is correct to the best of our knowledge, information and belief at the date of its publication. The information given is designed only as a guidance for safe handling, use, processing, storage, transportation, disposal and release and is not to be considered a warranty or quality specification. The information relates only to the specific material designated and may not be valid for such material used in combination with any other materials or in any process, unless specified in the text.
