

1. IDENTIFICATION

Product identifier

Product Name Twist™ 60 Day Passive Air Freshener – Orange Grove

Other means of identification

SDS # FMI-007

Product Code TW200

UPC Code N/A

Synonyms Air freshener; passive air freshener; fragrance refill; odor control refill.

Recommended use of the chemical and restrictions on use

Recommended use Passive air freshener/odor control product for commercial and residential spaces.

Details of the supplier of the safety data sheet
Supplier Address

F-Matic, Inc.
299 S. Millpond Dr.
Lehi, Ut 84043
Phone: 1-800-824-9994
website: FMATIC.com

Emergency telephone number

Emergency Telephone INFOTRAC 1-352-323-3500 (International)
1-800-535-5053 (North America)

2. HAZARDS IDENTIFICATION

Appearance Colorless to pale yellow liquid

Physical state Liquid

Odor Characteristic

Classification

Flammable liquids	Category 4
Skin irritation	Category 2
Serious eye irritation	Category 2A
Skin sensitization	Category 1
Specific target organ toxicity, single exposure	Category 3 (Narcosis)

Label elements

Signal word

Warning

Hazard statements

Combustible liquid.

Causes skin irritation.
May cause an allergic skin reaction.
Causes serious eye irritation.
May cause drowsiness or dizziness.

Precautionary Statements - Prevention

Keep away from flames and hot surfaces. No Smoking.
Avoid breathing mist/vapors/spray.
Wash hands thoroughly after handling.
Use only outdoors or in a well-ventilated area.
Contaminated work clothing must not be allowed out of the workplace.
Wear protective gloves, protective clothing, and eye protection.

Precautionary Statements - Response

IF ON SKIN: Wash with plenty of water and soap.
IF INHALED: Remove person to fresh air and keep comfortable for breathing.
IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
Call a poison center or doctor if you feel unwell.
If skin irritation or rash occurs: Get medical advice/attention.
If eye irritation persists: Get medical advice/attention.
Wash contaminated clothing before reuse.
In case of fire: Use water spray, dry chemical, foam, or carbon dioxide to extinguish.

Precautionary Statements - Storage

Store in a well-ventilated place. Keep cool. Keep container tightly closed. Store locked up.

Precautionary Statements - Disposal

Dispose of contents and container in accordance with local, regional, national, and international regulations as applicable.

3. COMPOSITION/INFORMATION ON INGREDIENTS

Synonyms

Air freshener; passive air freshener; fragrance refill; odor control refill.

Chemical name	CAS No.	Weight-%
2,2-Dimethyl-1,3-dioxolane-4-methanol (Augeo Multi Clean)	100-79-8	10–30%
Dihydro myrcenol	18479-58-8	10–30%
Citral	5392-40-5	5–10%
Decanal (Aldehyde C-10)	112-31-2	5–10%
2,4-Dimethyl-3-cyclohexene carboxaldehyde	68039-49-6	1–5%
Ethyl isovalerate	108-64-5	1–5%

If Chemical Name/CAS No. is “proprietary” and/or Weight-% is listed as a range, the specific chemical identity and/or percentage of composition has been withheld as a trade secret.

4. FIRST AID MEASURES

Description of first aid measures**Eye Contact**

Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists, get medical advice/attention.

Skin Contact

Wash with plenty of soap and water. Remove contaminated clothing. If skin irritation or rash occurs, get medical advice/attention.

Inhalation

Remove person to fresh air and keep comfortable for breathing. Obtain medical advice if symptoms occur or persist.

Ingestion

Call a poison center or doctor/physician if you feel unwell.

Most important symptoms and effects, both acute and delayed

May cause drowsiness or dizziness. May cause an allergic skin reaction. Direct exposure may irritate the skin and eyes.

Indication of any immediate medical attention and special treatment needed**Notes to Physician**

Treat symptomatically.

5. FIRE-FIGHTING MEASURES**Suitable Extinguishing Media**

Use water spray, dry chemical, foam, or carbon dioxide for extinction.

Unsuitable Extinguishing Media Do not use a heavy water stream.

Specific Hazards Arising from the Chemical

Combustible liquid. Flammable vapors may be present under fire conditions. No direct explosion hazard.

Protective equipment and precautions for firefighters

Fight fire from a safe distance and protected location. Do not enter the fire area without proper protective equipment, including respiratory protection. Wear self-contained breathing apparatus and complete protective clothing.

6. ACCIDENTAL RELEASE MEASURES**Personal precautions, protective equipment and emergency procedures****Personal Precautions**

Use personal protective equipment as required. Ventilate the spill area. Remove ignition sources. No open flames, sparks, or smoking. Avoid breathing mist/vapors/spray and avoid contact with skin and eyes.

Environmental precautions**Environmental precautions**

Avoid release to the environment. Prevent spilled material from entering drains, sewers, or surface waters.

Methods and material for containment and cleaning up**Methods for Containment**

Stop leak if safe to do so. Contain spills with sand, earth, or other inert absorbent material to prevent migration into drains or waterways.

Methods for Clean-Up

Absorb spilled liquid with inert material such as dry sand or earth. Place collected material in a suitable container for disposal. Notify authorities if the product enters sewers or public waters.

7. HANDLING AND STORAGE**Precautions for safe handling****Advice on Safe Handling**

Handle in accordance with good industrial hygiene practices. Avoid direct contact with fragrance liquid. Avoid breathing mist/vapors/spray. Keep away from heat, hot surfaces, sparks, open flames, and other ignition sources. No smoking. Use only in a well-ventilated area. Keep refill closed/intact until use and protect from damage or leakage.

Conditions for safe storage, including any incompatibilities

Storage Conditions

Store in a well-ventilated place. Keep cool. Keep container/refill tightly closed when not in use. Store locked up.

Incompatible Materials

No additional information available.

8. EXPOSURE CONTROLS/PERSONAL PROTECTION

Exposure Guidelines

Normal consumer/commercial use of an intact passive refill is not expected to require special respiratory protection. For manufacturing, spill cleanup, or direct liquid handling, ensure adequate ventilation and use protective gloves, safety glasses, and suitable protective clothing. In case of insufficient ventilation, use suitable respiratory protection.

Citral (CAS 5392-40-5): ACGIH TLV-TWA — 5 ppm (inhalable fraction and vapor).

9. PHYSICAL AND CHEMICAL PROPERTIES

Information on basic physical and chemical properties

Physical state	Liquid	Odor	Characteristic
Appearance	No information available	Odor Threshold	No information available
Color	No information available		
<u>Property</u>	<u>Values</u>	<u>Remarks • Method</u>	
pH	No information available		
Melting point / freezing point	No information available		
Initial boiling point / boiling range	No information available		
Flash point	72 °C		
Evaporation rate	No information available		
Flammability (Solid, Gas)	No information available		
Flammability Limit in Air			
Upper flammability or explosive limits	No information available		
Lower flammability or explosive limits	No information available		
Vapor Pressure	No information available		
Relative vapor density	No information available		
Relative Density	No information available		
Water Solubility	No information available		
Solubility in other solvents	No information available		
Partition Coefficient	No information available		
Autoignition temperature	No information available		
Decomposition temperature	No information available		
Kinematic viscosity	No information available		
Dynamic viscosity	No information available		
Particle characteristics	No information available		
Explosive Properties	No information available		
Oxidizing Properties	No information available		

10. STABILITY AND REACTIVITY

Reactivity

Flammable liquid and vapor.

Chemical stability

Stable under normal conditions.

Possibility of hazardous reactions

No dangerous reactions known under normal conditions of use.

Conditions to Avoid

Avoid contact with hot surfaces and heat. No flames or sparks. Eliminate all sources of ignition.

Incompatible materials

No additional information available.

Hazardous decomposition products

Under normal conditions of storage and use, hazardous decomposition products should not be produced.

11. TOXICOLOGICAL INFORMATION

Information on likely routes of exposure

Skin contact, eye contact, inhalation, and ingestion of fragrance liquid.

Health effects

Direct exposure to the fragrance liquid may cause skin irritation, serious eye irritation, and an allergic skin reaction. Vapor exposure may cause drowsiness or dizziness.

Exposure under normal use

The assembled passive refill limits routine direct contact with the fragrance liquid during normal consumer/commercial use.

Toxicological data

No finished-product toxicological testing data were provided.

12. ECOLOGICAL INFORMATION

Ecotoxicity

The product is not considered harmful to aquatic organisms or to cause long-term adverse effects in the environment. Avoid uncontrolled environmental release.

Persistence / Degradability

Ingredient-specific data are available; no overall mixture value is provided.

Bioaccumulation

Ingredient-specific data are available; no overall mixture value is provided.

Other adverse effects

No additional information available.

13. DISPOSAL CONSIDERATIONS

Disposal methods**Disposal of Wastes**

Disposal should be in accordance with applicable regional, national and local laws and regulations.

Contaminated Packaging

Disposal should be in accordance with applicable regional, national and local laws and regulations. Do not re-use empty containers. Flammable vapors may accumulate in the container.

14. TRANSPORT INFORMATION

Note

Please see current shipping paper for most up to date shipping information, including exemptions and special circumstances.

DOT

Not regulated

IATA Not determined from available supplier documentation.

IMDG Not determined from available supplier documentation.

15. REGULATORY INFORMATION

International / Federal Regulatory Information

SARA 313

This product or mixture is not known to contain toxic chemicals in excess of the applicable de minimis concentrations subject to SARA Title III Section 313 reporting requirements.

California Proposition 65

To the best of the supplier's knowledge and available information, the fragrance does not contain ingredients listed under California Proposition 65.

California Cleaning Product Right to Know (SB-258)

Citral (CAS 5392-40-5) is present at 9.9571% in the fragrance concentrate and is identified as an EU Fragrance Allergen.
Limonene (CAS 5989-27-5) is present at 0.7321% in the fragrance concentrate and is identified as an EU Fragrance Allergen.
Product-specific SB-258 ingredient disclosure is provided separately.

U.S. State Right-to-Know Regulations

Applicable state ingredient-reporting requirements should be evaluated using current supplier composition information and applicable regulatory lists.

16. OTHER INFORMATION

Issue Date: 12-Oct-2026
Revision Date: 12-Oct-2026
Version: 1
Revision Note: Initial Issue

Disclaimer

The information provided in this Safety Data Sheet is correct to the best of our knowledge, information and belief at the date of its publication. The information given is designed only as a guidance for safe handling, use, processing, storage, transportation, disposal and release and is not to be considered a warranty or quality specification. The information relates only to the specific material designated and may not be valid for such material used in combination with any other materials or in any process, unless specified in the text.
